# ABOUT US

## SINCE 1909

The Cairns Chamber of Commerce is the peak body for business representation in the Cairns region. We are here to help our members' businesses grow by connecting them to opportunities and to act in the best interests of the Cairns region business community.

We have prioritised Cairns region business issues on behalf of members since 1909, and will continue to be the only Cairns based business representative body that is exclusively Cairns-region focussed.

We drive business success for our members via the development of a strong and resilient regional economy, the development of a constructive business environment, and by being the voice of business.

The Cairns Chamber is a key contributor to prosperity in the Cairns region and acts as an advocate for the business community, a conduit for information and a promoter of Cairns' position in the regional landscape.

Representing its members, the Cairns Chamber works in partnership with all stakeholders and all levels of government to constructively create conditions for business success in the Cairns region.

Become a member now!
