

**CHAD ANDERSON WANTS TO BRING DEMOCRACY
AND REPRESENTATION BACK TO THE LEICHHARDT
COMMUNITY, THROUGH INDEPENDENT LEADERSHIP
IN THE FEDERAL PARLIAMENT**

CHAD ANDERSON

INDEPENDENT MEMBER FOR LEICHHARDT

Chad is driven by the need to support all members of the community, both economically and socially, and is confident that Independent Leadership is the best way forward for a new model of representation that supports the electorate as opposed to the party.

Chad has spent his entire professional life supporting young people, families and communities in Cairns, Cape York and Torres Strait, in the areas of education, child protection, youth leadership and welfare. He acknowledges today that his primary role in the Cairns community is predominantly concerned with advocacy and social support.

At present, Chad works as a teacher in Cairns, manages a youth leadership organisation and collaborates on several community committees that focus on improving education for the region, supporting community development and increasing local engagement in tertiary education.
